Benjamin Oliver Barnett

benjy.barnett.20@ucl.ac.uk | Personal Website |

consciousness, perception, numerical cognition, theory of mind

Education

University College London — London, UK
PhD: Characterising the Neural Correlates of Perceptual Experience — *Sep. 2020 – Oct. 2024*

University of Sussex — Brighton, UK
MSc in Intelligent and Adaptive Systems, Distinction — *Sep. 2017 – Sep. 2018*

University of Sussex — Brighton, UK
BSc in Neuroscience with Cognitive Science, First Class — *Sep. 2014 – May 2017*

Employment

Post Doctoral Research Fellow — September 2025 – September 2027
Birkbeck, University of London — *London, UK*

- Conducting research using fMRI and computational modelling to explore the influence of social context on subjective perception

Post Doctoral Research Fellow — October 2024 – August 2025
University College London — *London, UK*

- Research Fellow involved in Empirical Tests of Higher-Order Theories of Consciousness (ETHOS) adversarial collaboration
- Conducting MEG, fMRI, and computational modelling research

Research Associate and Lab Manager — September 2018 – August 31st 2020
New York University — *New York, NY*

- Conducted research using fMRI and online experiments
- Developed online studies for PhD students and post-docs on internal javascript platform
- Automated various lab administrative duties, including NIH data submission processes

Junior Research Associate — July. 2016 – Sep 2016
Sackler Centre for Consciousness Science — *Brighton, UK*

- Devising, performing, and presenting experiments using virtual reality
- Participated in public workshops where methods and theory were demonstrated and explained to members of the public

Publications

Teaching and Supervision

Teaching Autumn Term: 2022 - Present

* Introduction to Statistical Methods using R *2022 & 2023 Undergraduate Module*
* Introduction to MEG: how and why do we use it? *2024 Undergraduate Lecture*

Supervision 2021-Present

* MSc Thesis: "The Effect of Zero During Symbolic and Non-Symbolic Numerical Comparison", 2024-2025
* MSc Thesis: "Developing social cognition paradigms in Optically-Pumped MEG", 2022-2023
* Mentor on the Underrepresented Student Mentor Programme, UCL Institute of Neurology, 2021-2022

Marking 2023

* MSc theses
* 'Brain and Behaviour' End of Module Exam Essays

Awards and Scholarships

* Guarantors of BRAIN Travel Grant *University College London*
* UCL-PSL Doctoral Research Internship Award, *University College London*
* Pegge Scholarship for Intelligent and Adaptive Systems MSc, *University of Sussex*
* Junior Research Associate grant to perform summer research, *University of Sussex*

Additional Training and Experience

* Performed peer-review for: *Behavior Research Methods, eLife, Cortex*
* Invited Public Engagement Talk: How Neuroscience Tackles the Problem of Consciousness. *Mind the Brain Conference, Institute of Cognitive Neuroscience, University College London*
* 5 Week internship with Catherine Tallon-Baudry and the Subjectivity, Brain, and Viscera Group *École Normale Supérieure - Paris Sciences et Lettres University, Paris*
* Chaired sessions for the M/EEG SPM Course, *Wellcome Center for Human Neuroimaging, University College London*
* Organised and Chaired Methods for Dummies, *Wellcome Center for Human Neuroimaging, University College London*
* Summer School in Consciousness and Metacognition, *University College London and Paris Sciences et Lettres University*
* Statistics, Data analysis, and Modelling (Graduate Level), *University College London*
* Cognitive Computational Modelling (Graduate Level), *New York University*
* Diffusion Tensor Imaging Workshop, *New York University*
* Bayesian Statistics: Techniques and Models, *UC Santa Cruz*
* Bayesian Statistics: From Concept to Data Analysis, *UC Santa Cruz*

Technical Skills

Methods: MEG, fMRI, OP-MEG, RSA, Decoding, Psychophysiological Interactions, Feature Selection, Univariate fMRI analy
Naive Bayes Classification, Bayesian Modelling, DNNs, RNNs, Sentiment Analysis, Linear and Logistic Regression,
Virtual and Substitutional Reality, Threshold-Free Cluster Enhancement,

Languages: MATLAB, Python, R, JavaScript, HTML/CSS, bash

Software: FieldTrip, pyMVPA, fMRIprep, AFNI, FSL, SAS, SPSS, Tensorflow, Git, PyCharm, VS Code, Sublime,
Jupyter, Jekyll, ssh, scp
